Letter No K 6-5313/46-45 dt 21 7 45 from the DC Bangalore Dt recommending sanction to the proposal of the Magadi Town Municipal Council to revise the scale of pay of the toll-gate staff consisting of 6 peons from Rs 6/- to Rs 8/- each p m - in view of the bad conditions arising out of war

1) The conditions that have been behind the proposal for revision of the scale of pay of the MB toll-gate staff, relate to the present war The d a sanctioned by Govt for public servants comes in the way of this proposal As the raise of pay temporarily relates to the war period, it means an indirect and further enhancement of the d a granted to these peons, if the proposal is sanctioned

2) However the proposal has got support both from the MB CC and the DC concerned. The extra amount of expenditure works out to be only Rs 12/ p m in all and provision therefor is reported to have been made in the current year's MB budget The point of these peons' being entrusted with the duties of octroi collections is in their favour too

3) It is reported that this staff was appointed by the resolution of the local MB CC dt 3 7 40 and that it has been continued till now without the sanction of Govt

4) The DC's recommendation is made now to obtain Govt sanction to the appointment of the staff from the year 1940-41 and also

on Rs12 PM & a peon on Rs8 PM the total expenditure on this behalf is Rs 432 Pa including the Dearness allowance.

10 As there are 3 Toll gates the collection work cannot be entrusted to the above staff which consists of one Mutsaddi one Peon the recommendation of the Dy Comm Bangalore dt 10/11 to sanction the employment of 6 Toll gate peons on a pay of Rs 6 PM & ~~to sanction~~ increment from the year 1940-41 & (2) to enhance their salary to Rs 8 PM with effect from the current official year

11 Subject for orders with reference to para 5 supra

16/2 12 The proposal is to revise the scale of pay of the Toll gate establishment working in Magadi Taluk the expense is calculated to amount to Rs 1150/ Pa

13 It will be seen from the statement of realisation under this head from the year 1941-42 that the highest amount was realized during 1942-43, being Rs 9847 The average annual income is estimated at about Rs 800/ This means that the proposal to enhance the pay which must result in a loss of Rs 400 (approx) p a cannot be

approved It will have to be made up from other sources or the cess, the best thing for the Govt to do is to enhance the toll rate on the existing Vehicles or to sell the right of collection on auction, instead of continuing to do it departmentally i.e thro' the PC agency However it is done the better for the Govt It is also strange that the Govt should have recommended for the enhancement of the toll without considering the pros & cons of the proposal, which would operate defiantly against its financial interests The Govt has not also considered the proposal seriously except forwarding the same to us for sanction

11.) In the circs the continuance of the existing toll establishment from the year 1960-61 upto date may be sanctioned but the enhancement of the recommended rates & terms of exemption may be vetoed

It is surprising that such proposals for increased Expenditure are made by Municipalities without a corresponding prospect of enhanced income. These repre

are never passed on by DC

The Continuance of the

Please see marginal remarks above

There is no doubt that the pay now being given to the toll peons is very poor, & this may itself account for the very low realisations of the Municipality from tolls, as it is easy to have a great deal of leakage in this item
